Available Jan 18 at 12am - May 5 at 11:59pm 4 months

Find interesting data set on the web - one which you would love to share with friends

How would you use it if you had the tools to make analysis/plots?   What are interesting/important questions which your data set would help answer

Submit PPT - at least 5 slides, 5-10 is usual.

Good sources of data

data.gov, kaggle.com, sports web sites: nba.com, nfl.com, mlb.com etc
